FIREPLACE PRODUCTS

CONTEMPORARY GAS FIREPLACES

regency-fire.com

WHY CHOOSE REGENCY?

For the past 40+ years Regency has been focused on creating innovative, high-quality and reliable products that reduce heating costs and add true value to the home. We design all our products to be durable and last a lifetime so that our customers can enjoy them for years to come.

HIGH-QUALITY

Producing a high-quality product has been at the very heart of what we do from when that very first stove rolled off the production line over 40 years ago to today. We are ever-focused on producing quality products for our customers that will last for years to come.

BEST WARRANTY

A fireplace should be reliable and should work right the first time it is used, and the 1,000th. A core part of our business is making sure that we are building long-lasting, durable, high-quality products; we back-up that commitment with the industry's best warranty on all our products.

COST-EFFICIENT

Never before have home heating costs been higher. Turn your furnace way down and zone heat with our beautiful, reliable and convenient Regency products. Not only can you cut your fuel bills in half, but you'll be able to enjoy the timeless comfort of a Regency fire.

Why Regency? Because it's *more* than a fireplace!

G600C shown with driftwood log set and black inner steel panels.

ONE FIREPLACE, UNLIMITED POSSIBILITIES

Designed using customer feedback, the Regency Grandview gas fireplace is our most flexible fireplace yet! The Grandview series offers stunning flame pictures and full customization, allowing homeowners to pick and choose the accessories and elements that best suit their style – with over 960 combinations, there is a Grandview for every home and every style.

Choose from traditional installation or utilize Regency's patented Cool Wall System to provide ultimate design flexibility. The Regency Cool Wall system allows the use of virtually any material to the edge of the fireplace or the placement of TVs or artwork directly above the fire; without any limitations.

COOL WALL SYSTEM ADVANTAGES

• Place a TV above the fireplace without it getting damaged
• Hang artwork without fear of warping
• Paint will not discolor, drywall will not crack
• No internal fans required
• Use any finish right to the edge of the fire, even wood or wallpaper

DIMENSIONS	G600	G800
Viewing Area	600 sq. in.	800 sq. in.
Width	31-7/8"	35-7/8"
Height	29-7/8"	35-7/8"
Depth	14-5/8"	16-7/8"

G800C shown with coal black crushed glass and painted black steel panels installed with a clean front finish using the cool wall system and chase vent.

Iceberg crushed glass, black steel panels and black faceplate

Ginger crushed glass and antique copper faceplate

Iceberg crushed glass, volcanic stones and black steel panels

STANDARD FEATURES

- Clean front design
- Largest viewing area in its class
- Integrated safety screen
- Ceramic glass
- Flame height adjustment control
- Standing Pilot (Direct Spark Ignition available)

SPREAD THE WARMTH

ZONE HEATING WITH REGENCY

Add a fireplace to your most frequently used living space and save energy by only heating rooms you use.

HEAT ADJACENT ROOMS WITH THE HEAT WAVE™ - POWER DUCT SYSTEM

Cut down on your heating costs using a Heat Wave kit. The Heat Wave system attaches onto most Regency gas fireplaces, allowing you to direct heat into rooms up to 20 feet away. This kit comes complete with vent, variable speed blower (for HeatWave system only), and vent register.

OPTIONS

REGENCY REMOTES AND THERMOSTATS

Create optimal comfort with ease and convenience at the touch of a button with the Regency comfort control system. Our **user friendly programmable controls** can be set, adjusted and programmed for your fireplace to come on at the temperature you want, when you want it. Regency control systems are available with a variety of features to suit your home heating needs.

✓ Standard

* Smart thermostat - Rather than a thermostat that simply turns your fireplace on and off, the Smart Control function allows you to set your desired room temperature. As the room reaches your personal setting, the flame intensity and heat gradually decrease – keeping the ambience of your Regency fire on with less heat output and the option to turn it off at any time.
** For models that have a blower.
*** For models that have an optional accent light.

MAXIMIZING COMFORT AND EFFICIENCY

Regency fireplaces deliver controllable heating solutions by combining the latest in radiant/convection heat technology and innovative features:

- Adjustable flame/heat control

- Heat radiating ceramic glass for maximum radiant heat

- SureFire electronic ignition switch with battery backup features fuel saving intermittent pilot ignition that conserves energy when not in use

- **Power's Out, Heat's On.** All Regency gas fireplaces operate safely without electricity. Never worry about being cold during a power outage again and stay warm all winter long with Regency.

DESIGN VERSATILITY

AstroCap (front)

AstroCap (back)

You can enjoy the convenience of a gas fireplace anywhere in your home with a Regency direct vent fireplace. Regency direct vent fireplaces maintain indoor air quality by drawing fresh combustion air from outside through our specialized venting system into a sealed firebox and sending the used air back outdoors. Direct vent technology allows you to add a fireplace to rooms with no existing chimney. Simply vent your fireplace through an outside wall and finish it with the patented **Regency astroCap flex venting system** (11" x 11" 7-1/2" deep including mounting flange).
